Full-Arch Direct to MUA Fixed Restorative Options

All-On-X Zirconia

Minimum Thickness : 12mm

Solid zirconia with a passive fit and highly aesthetic. This is the most-used option.

Price : $3,300 / Arch

Titanium Bar w/ Zirconia Overlay

Minimum Thickness : 10mm

Strong, aesthetic, and more forgiving—A great combination of strength and beauty. This option is also optimal for cases that need distal extension.

Price : $4,750 / Arch

Thimble Bar (TriLor or Cr/Co) w/ Zirconia Crowns

Minimum Thickness : 12mm

This is a premium option. The bar can be milled from crome cobalt or TriLor material. Individual crowns are cemented to the bar for maximum aesthetics.

Price:

Cr/Co Bar + Zirconia Crowns : $ 5,599 / Arch
TriLor Bar + Zirconia Crowns : $5,599 / Arch

Hybrid Implant Denture Bar

Ideal for cases with less than 10mm clearance

A fixed crome cobalt bar with denture teeth and gingival resin. Optimal for low vertical cases. This is a repairable prosthesis.

Price : $3,000 / Arch

All-on-X PMMA w/GC Composite

Minimum Thickness : 12mm w/o Bar, 10mm w/ bar

Acrylic full-arch used for immediate load, provisional, or economy option. Affordable, aesthetic, and easy to adjust.

Price

- PMMA Only : $800 / Arch
- PMMA+ Bar : $3,000 / Arch
